SPRING 2025

LATEST MODELS FROM

AUSTRALIAN | BRAZILIAN | EUROPEAN | JAPANESE | NORTH AMERICAN

MANUFACTURERS

Welcome to the **First** **SPEC CENTER** News of **2025**

One of the strongest R2 releases we have had in quite some time.

Over 1,200 new models added in the databases shown below, with even more added globally.

Continued growth with OEM approvals on new alignment equipment have opened more opportunities to source data faster. We expect more growth throughout the 2025 year and look forward to strong deliverables.

Please Note: Pro32 specs will be obsolete after R3 2025 due to database size limitations in the legacy software.

The **INDEX** below gives a brief overview of how much information is available in this **R2** release.

Get your orders in because the 2025 R2 release for Wheel Aligners is on sale now!
